SUMMARY

Machine Learning Engineer with 6 years experience in NLP and LLMs. Python, PyTorch, TensorFlow, FastAPI, Docker, AWS, Kubernetes, Kafka.

SKILLS

Python, PyTorch, TensorFlow, scikit-learn, numpy, pandas, FastAPI, Docker, Kubernetes, AWS, GCP, SQL, PostgreSQL, Redis, Kafka, Airflow, Git, Machine Learning, Deep Learning, NLP, Transformers, LLM, BERT, RAG, LangChain

EXPERIENCE

Senior ML Engineer — Scale AI (2022-Present, 2 years)

Built RLHF training pipelines. Reduced annotation cost 40%. FastAPI inference at 20K RPM.

ML Engineer — Cohere (2020-2022, 2 years)

Fine-tuned transformers. Data pipelines AWS EMR+S3. Docker/K8s deployment.

Data Scientist — Wish (2018-2020, 2 years)

Recommendation models, A/B tests, 8% GMV improvement.

EDUCATION

M.Sc. CS (Machine Learning), Carnegie Mellon University, 2018
B.Eng. Computer Engineering, University of Waterloo, 2016
