Priya Sharma

Senior Data Scientist & Analytics Specialist

priya.sharma@analytics-hub.com | +1 (650) 555-9012 | Mountain View, CA

PROFESSIONAL SUMMARY

Data Scientist with 5+ years of experience utilizing machine learning, statistical modeling, and data analytics to solve commercial optimization problems. Proficient in Python, SQL, Scikit-learn, Pandas, and BigQuery.

TECHNICAL SKILLS

Data Science: Python, SQL, Pandas, NumPy, Scikit-learn, Statsmodels, BigQuery, Tableau, Jupyter

Engineering: FastAPI, Docker, Git, AWS, PostgreSQL, Redis

PROFESSIONAL EXPERIENCE

Senior Data Scientist — Quantum Metrics

2021 – Present (3 years)

- Developed churn prediction and customer lifetime value algorithms in Python and Scikit-learn.
- Constructed SQL data models in Google BigQuery to power executive analytics dashboards.
- Packaged predictive algorithms into lightweight FastAPI microservices.

Data Analyst — Bay Data Partners

2019 – 2021 (2 years)

- Designed automated SQL reports and Tableau dashboards for finance and operations teams.
- Conducted A/B testing analysis and hypothesis testing.

EDUCATION

Master of Science in Statistics — Stanford University, 2019
