Emily Zhang

Senior Machine Learning Engineer

emily.zhang@deeplearning-ai.com | +1 (617) 555-4567 | Cambridge, MA

PROFESSIONAL SUMMARY

Senior ML Engineer with 6+ years experience deploying deep learning models, natural language processing pipelines, and scalable APIs in production. Proficient in Python, PyTorch, FastAPI, Docker, and AWS cloud infrastructure.

TECHNICAL SKILLS

AI & ML: Python, PyTorch, TensorFlow, NLP, Transformers, LLMs, Scikit-learn, LangChain

Infrastructure: FastAPI, Docker, Kubernetes, AWS, PostgreSQL, Redis, CI/CD, Git

PROFESSIONAL EXPERIENCE

Senior ML Engineer — Vector Cognitive Solutions

2021 – Present (3 years)

- Fine-tuned transformer models for domain-specific text summarization and semantic search.
- Engineered low-latency FastAPI inference microservices packaged in Docker on AWS EKS.
- Implemented Redis vector caching reducing average model response latency by 55%.

Machine Learning Engineer — DataSphere AI

2018 – 2021 (3 years)

- Trained neural network models for predictive customer analytics using PyTorch and Scikit-learn.
- Constructed automated data validation and training pipelines.

EDUCATION

Master of Science in Computer Science (Artificial Intelligence) — MIT, 2018
