Marcus Vance

Senior Software Engineer (Full Stack)

marcus.vance@techdev.io | +1 (512) 555-9876 | Austin, TX

PROFESSIONAL SUMMARY

Versatile Software Engineer with 6+ years experience architecting cloud applications in Python, React, TypeScript, and relational databases. Strong focus on API performance, clean code architecture, and automated continuous delivery.

TECHNICAL SKILLS

Languages & Frameworks: Python, Django, FastAPI, React, TypeScript, JavaScript, SQL, HTML5/CSS3

Infrastructure & DB: PostgreSQL, Redis, Docker, AWS (EC2, S3), Git, GitHub Actions, Linux

PROFESSIONAL EXPERIENCE

Senior Software Engineer — CloudPeak Technologies

2021 – Present (3 years)

- Architected scalable backend APIs in Python (Django & FastAPI) supporting 2M+ active accounts.
- Engineered performant frontend dashboards in React with TypeScript and Redux state management.
- Configured GitHub Actions CI/CD workflows for automated unit testing and container deployment on AWS.

Software Developer — LoneStar Web Systems

2018 – 2021 (3 years)

- Maintained core PostgreSQL database schemas and optimized complex analytical queries.
- Developed RESTful integration services connecting CRM platforms with third-party billing systems.

EDUCATION

Bachelor of Science in Computer Science — University of Texas at Austin, 2018
